

# Roster of Indiana Registered Soil Scientists

Indiana Registry of Soil Scientists  
Office of Indiana State Chemist, Purdue University  
1154 Biochemistry, West Lafayette, IN 47907-1154  
Phone: 765-494-1492; FAX 765-494-4331  
<http://www.isco.purdue.edu/irss>

## **Roster of Indiana Registered Soil Scientists (August, 2002)**

This Roster lists names, addresses, phone numbers, and other information for Indiana Registered Soil Scientists. In this Roster, all registrants are Registered *Professional* Soil Scientists. In future versions, the Roster will include Registered *Associate* Soil Scientists whose credentials are similar except for experience. Many people will use the roster to find a well-qualified consulting soil scientist who will do soil and landscape evaluations for onsite wastewater disposal systems or for other purpose. The registered soil scientists listed in this roster have the technical credentials required by state law (Indiana Code 25-31.5) and have agreed to follow a Code of Professional Conduct which states that they hold paramount the health and welfare of the public and the protection of soil and water quality. Most Registrants offer their services to the public, but some do not. This distinction is made in the Roster.

### **How to use the Roster:**

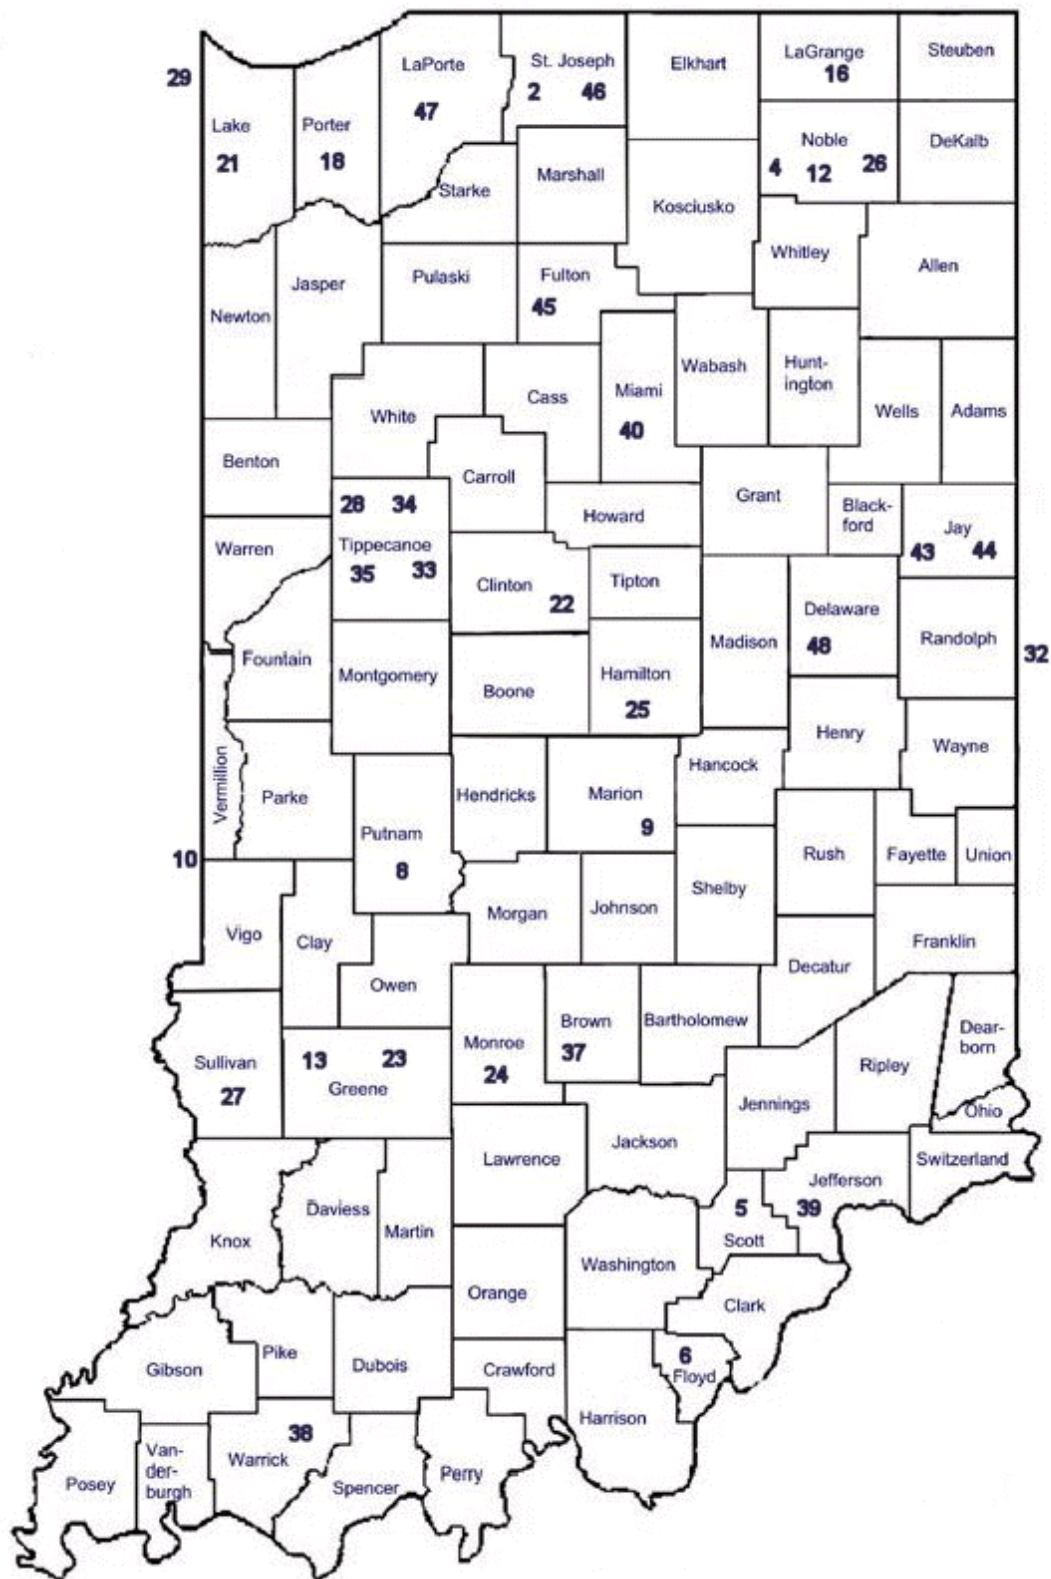

If you wish to contact a registered soil scientist who works in your part of Indiana, first check the map on page 3 and the table beginning on page 4 to find the names of registered soil scientists who offer consulting services in your area, and then find the names, phone numbers and other information about the soil scientists in the roster listings that follow.

### **Board of Registration; Administration of IRSS:**

The Indiana Registry of Soil Scientists is managed by the Board of Registration for Soil Scientists, a five member board appointed by the Governor. Four of the members are Registered Professional Soil Scientists whose addresses and phone numbers appear in this Roster. Currently, they are Donald Franzmeier (representing education), chair; William Hosteter (government), vice-chair, Duane Burrow (private practice), secretary; and Lambda Mort (private practice). Donald Humphrey, 11139 Oakspring Court, Indianapolis, IN 46239, phone, 317-859-5000 represents the public at large. The program is administered by the Office of Indiana State Chemist on the Purdue University campus: Indiana Registry of Soil Scientists, Office of Indiana State Chemist, Purdue University, 1154 Biochemistry, West Lafayette, IN 47907-1154. Phone 765-494-1492; Fax 765-494-4331; <http://www.isco.purdue.edu/irss/>. The administrative advisor at OISC is Michael R. Hancock.

If you, as a user of soil information, have questions about the program or concerns about the work done by a Registered Soil Scientist, contact the IRSS. Also, soil scientists should report changes in their roster information to IRSS.

Each number on the map shows the **GENERAL LOCATION** of Indiana Registered Soil Scientists who offer their services to the public. The numbers do not represent the exact office location. See next page for more information.

# Roster of Indiana Registered Soil Scientists

(Updated August 1, 2002) - Alphabetical Listing

---

Joseph W. Baker  
Professional 44, **Available**  
J.C. Soil Consultants, Inc.  
0328 S 600 W  
Portland, IN 47371  
Work Telephone: 260-726-2529  
Home Telephone: 260-724-2144  
Work Area: **Steuben, LaGrange, Kosciusko, Marshall, St.  
Joseph & LaPorte Counties**

Mary Therese Bosko  
Professional 29, **Available**  
M. T. Bosko & Associates, LLC  
14440 Jody Lane  
Wadsworth, IL 60083
