

Millersburg, IN

Club No. 2959

October, 2002

Hi Guys,

There were seven members present at the Oct. meeting. It was announced that Chuck Browning has decided that he no longer wants to serve as the club secretary. We owe Chuck our thanks for his contribution to the success of our club over the years.

Nominations were made for 2003. They are as follows:

President- Jim Miller

Vice President- Jeff Dinehart

Secretary- Gene Stutsman

Treasurer- Dave Yoder

Safety Officer- Eugene Yoder

Art Eby announced that he no longer wanted to serve as our Vice President. Art's leadership will certainly be missed. I certainly hope that he and Chuck will continue to be active participants in our clubs activities.

Further nominations for club positions will be held open until our next meeting. Further nominations should be made to Jim Miller. Jim can be reached at 533-8819.

The club's rules regarding dues were reviewed because we had many new members that came into the club late in the season.

The dues are 50.00/yr. If you renew before Dec. 1, you can renew for 45.00/yr.

If you join after Sept.1, you owe 25.00 for the remainder of that year.

If you join before Sept. 1 you owe the full amount of 50.00.

We also decided to have three events next year. Right now we are proposing to have informal events similar to our recent picnic. We also set dates for these events.

June 7 "Spring Fling"

July 26 "Mid-Summer Bash"

Sept. 13 "Fall Roundup"

Right now, they are scheduled to be very informal, but if we get enough volunteer help, we can make them AMA sanctioned fun fly events.

The election of officers will take place at the November meeting, so please plan to attend. The meeting is scheduled for November 16, at The Old Mill Restaurant in Waterford. Breakfast will be at 0800. The meeting will follow at 0830.

Notable Quotes:

“Basic flying rules”

“1. Try to stay in the middle of the air.

2. Do not go near the edges of it.

3. The edges of the air can be recognized by the appearance of ground, buildings, sea, trees and interstellar space. It is much more difficult to fly there.”

I hope to see you at the meeting.

Happy Landings,

Jim Longar
